

BAXTER

MADE IN BRITAIN[®]

Nothing makes a house a home like enjoying quality time with family and friends, and our Baxter range gives you the perfect choice of options to customise your space.

Whether you want the cosy comfort of a curved sofa or a more traditional straight-backed design, you can accessorise with a choice of armchair, loveseat and two contemporary footstools.

With a choice of on-trend fabric designs and colourways, your sofa can be dressed with contrasting or matching fabrics for an instant pop of style. Each sofa comes with two scatter cushions. Take your pick from power or manual recline options or a static model on each seat configuration.

LONG LIVE THE LAZY™
